

RESOLUTION 764-09

BE IT HEREBY RESOLVED, the Town of Fowler adopts the following water tap fees effective April 20, 2009.

POTABLE, SOFT WATER TAP FEE:

Applies to new potable soft water taps for private single-family residence including mobile homes inside the corporate limits of the Town of Fowler, where the town provides the digging and installation of the tap to an existing water service main owned by the town, tapping saddle, valves, meter loop, meter box, and meter box lid. Any additional labor, equipment use, and material as needed and including asphalt when digging in pavement, used in the installation of the service line from the water service tap to the property line will be in addition to the water tap fee \$2500 plus any additional labor or material as needed.

Commercial, Industrial, taps larger than $\frac{3}{4}$ inches, and outside the corporate limit potable soft water taps, must first be approved by the town council, as to quantity and availability of enough potable soft water to supply such taps:

Commercial and Industrial potable soft water taps inside the corporate limits of The Town of Fowler, if approved by the town council, the fee will be no less than the rate set above plus any additional amounts council may approve.

- A. Potable soft water taps larger than $\frac{3}{4}$ inches, if approved by the town council, the fee will be no less than the rate set above plus any additional amounts council may approve. At no time, will a tap larger than 2 inches be approved.
- B. New potable soft water taps for single-family residence including mobile homes outside the corporate limits of The Town of Fowler, if approved by the town council, will be charged a tap fee of \$2500 per tap. The tap fee includes only, tapping of an existing potable soft water service main that is currently serving outside the corporate limits users with Fowler soft water, tapping saddle and valves, meter, meter loop, meter pit, meter pit cover, and labor needed to connect and install the above. All digging, installing of service lines, covering of service lines, materials not provided in the tap fee, and all service mains or rights to tap the existing service main shall be the sole responsibility of the person purchasing the tap. The town of Fowler assumes no responsibility for out of the corporate limit service mains or service lines that the town does not own.

NON POTABLE HARD WATER TAP FEE:

Applies to new non potable hard water taps for all residential, commercial, and industrial users inside the corporate limits of The Town of Fowler, where the town provides the digging and installation of the hard water tap to an existing hard water service main owned by the town, provides and installs the saddle, valves, valve box and cover. Any

additional labor, equipment use, or material as needed including asphalt when digging in pavement, used in the installation of the service line from the water service tap to the property line will be in addition to the tap fee \$3000 plus any additional labor and material as needed.

No non potable hard water taps will be allowed, outside the corporate limits of The Town of Fowler.

Dated the 13th day of April, 2009

Ray A. Wards
Mayor
